**THE ALLEN GROUP RECOGNIZED FOR CONTRIBUTION
TO ECONOMIC DEVELOPMENT**

Dallas, Texas (October 28, 2006) — The Allen Group, a major developer of industrial and office properties across the United States, received an Award of Merit during the Greater Dallas Chamber annual Momentum Awards ceremony on October 26, 2006. The Awards are designed to celebrate companies who have relocated, expanded or fostered positive economic momentum in the Dallas-Fort Worth region.

The Allen Group received the award based on their commitment to Dallas and involvement in the communities surrounding the development of The Dallas Logistics Hub. The Dallas Hub is a collaborative effort between The Allen Group and the communities of Dallas, Lancaster, Wilmer and Hutchins, Texas.

Also a factor in the Award was The Allen Group's history of creating employment, educational opportunities and resources within the communities in which its projects are located. As with previous developments, The Allen Group is committed to working with local and minority-owned firms and encouraging area businesses to participate in the development project, contributing to the overall economic growth of their communities. The Dallas Hub will have a significant, positive impact on the surrounding communities with the Project estimated to create a real property tax base of more than \$2.5 billion while generating 30,000 direct jobs.

"We are honored to receive this recognition from a strong partner in the Greater Dallas Chamber and we are pleased they chose to recognize our commitment to be a responsible corporate citizen and neighbor in Southern Dallas County and the Metroplex," said Leslie Jutzi, Director of Governmental Affairs and Community Relations for The Allen Group. "We look forward to continuing to drive economic growth in the area through significant contributions and projects, such as the Dallas Logistics Hub."
